

Emerging Concepts in Melanoma Biology Pave the Road to New Therapies

7th melanoma meeting, Cancéropôle IDF

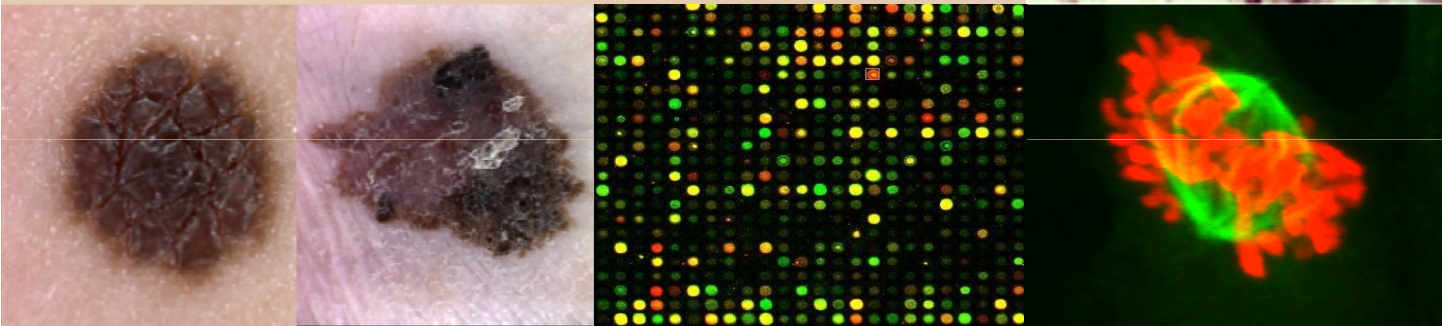

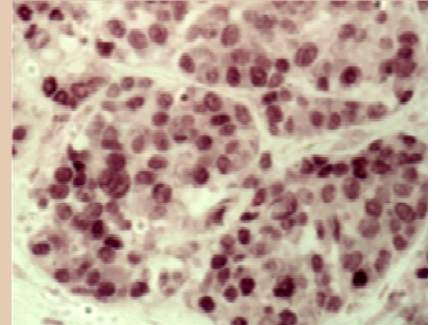

June 16-18 2010
Nice, France

Organising Committee:

Corine BERTOLOTTO, INSERM U895, Nice
Véronique DELMAS, Institut Curie, Orsay
Robert BALLOTTI, INSERM U895, Nice
Lionel LARUE, Institut Curie, Orsay
Jean-Paul ORTONNE, CHU, Nice
Alain SARASIN, IGR, Villejuif

This meeting will bring together melanoma researchers from throughout Europe and will cover all aspects of melanoma research, from basic molecular and cellular aspects to the evaluation of the preclinical concepts.

Inscription: 70 €

If you wish to attend the meeting and send abstract, please send an email to ballotti@unice.fr for further information
